Mike, attached are the mark ups with comments on the FFS. Please review and let me know if you have any questions. Also, please let me know when you think you'll be able to get these back to me so we have an estimate. If need be, we can schedule a call to discuss these changes. Thanks!

Mike, do you have a copy of the text for both FFS that you can forward me in word? It might be easier to make comments and change a few things in that program to get them back to you. I can do it in track changes so that you can see what they are. Thanks!
